NOTES TO ADVERTISERS

Please submit artwork preferably to the correct size. We can accept:

- Word file (text/content), with any logos/illustrations supplied separately as JPG files, or
- the complete advert supplied as a PDF.

Please note: If an advert is not supplied at the correct size, it may lose quality when resized. Also, if you supply the advert as a single finished PDF, we cannot edit the wording later. Any changes will require new artwork to be supplied.

If you may need to change products, prices, dates or other details, it's best to supply your advert in separate components (text plus images/logos) so we can update it more easily.

We can produce artwork if needed:

- Straightforward artwork: no charge
- More complicated artwork: a modest charge for time taken
